

Oak Tree Top Trumps

Here are just a few creatures which live in an oak tree.
Most never leave the tree, finding all the food they need.

	Appetite rating:
	Danger to tree:
	Cool/cute/creepy rating:
	Rarity status:

Why not pick a species and make a Top Trump card for it?

See what you can find out about it. The Woodland Trust website has lots of information.

www.woodlandtrust.org.uk/trees-woods-and-wildlife/animals

Give scores out of 10 for each category.

Why not make a whole set with a friend?
