

## About Live at Home

# LIVE AT HOME

Live at Home was established in 1989 by MHA, a charity providing care homes, housing and support services for older people throughout Britain.

Over 50 Live at Home Schemes now operate across the UK, enabling older people to maintain their independence and live more fulfilled lives. These services aim to relieve social isolation and encourage older people to take an active part in the communities in which they live.

Established nearly 70 years ago, MHA now delivers a range of services to over 17,000 individuals.

We serve approximately:

- 5,000 older people living in care homes - residential, nursing and specialist dementia care
- 2,000 older people living independently in a range of purpose-built apartments with flexible support and personalised care
- 10,000 older people supported via Live at Home services in the community

Our services are delivered by 7,000 dedicated staff members and enhanced by the commitment of 5,500 volunteers. Our mission is to improve the quality of life for older people, inspired by Christian concern.

## What is a Live at Home Scheme?

**It isn’t hard to identify the things that help most of us feel content. We want to be able to get around, live securely and have company when we feel like it. Most often those needs can be met while we continue to live in our own home, even as we grow older. That’s what MHA’s Live at Home Schemes are for.**

Live at Home Schemes offer services and support to help older people lead independent, active and fulfilled lives, and to live securely.

We aim to help you maintain your independence while offering opportunities for companionship, trusted support, and advice when you need it. We have services to support you in your home, as well as group activities in a place where you can be welcomed, and be among friends.

Above all, you will know that there is always someone to turn to for help, advice or simply a chat.
